Young People in Alcoholics Anonymous
with Al-Anon participation

EURYPAA '24

EURYPAA is more than just a gathering; it's a unique opportunity to engage with like-minded individuals, explore personal growth, and forge lifelong friendships. Our aim is to create an inclusive and empowering space where young sober people can connect, inspire, and be inspired. EURYPAA is an annual celebration for the young (and the young at heart) that highlights young people's sobriety and their role in AA. The message of AA is carried through a variety of workshops, panels, and shares. EURYPAA is an open event that takes place in different European countries. EURYPAA 2024 will be hosted in Ljubljana, the capital of Slovenia, also known as the city of students. Located in the middle of North, South, East and West of Europe, it is the real center of the youthful universe.
